Carnegie Mellon University

Pittsburgh, Pennsylvania, USA

Private Research University

- Faculty: 1,423
- Undergraduates: 6,178
- Master's students: 3,937
- Ph.D. students: 1,840
- Alumni: 90,000+

U.S. News & World Report 2014 Rankings

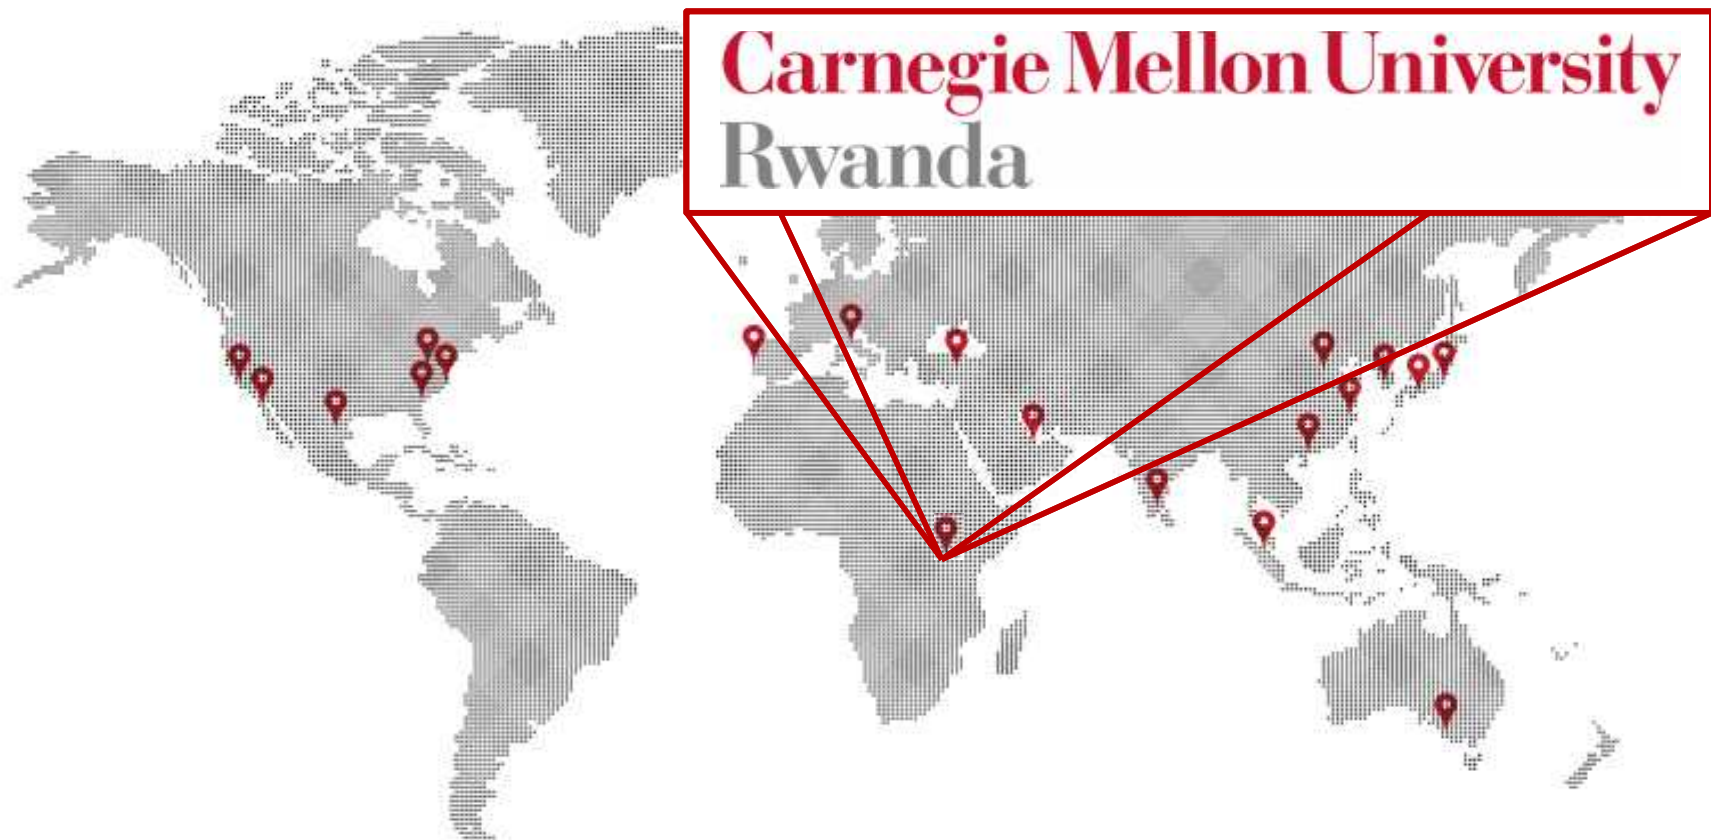

- #1 Computer Science
- #1 Information System Management
- #1 Multimedia/Visual Communications
- #3 Computer Engineering
- #5 Engineering College

Home to 19 Nobel Laureates!

Carnegie Mellon's Global Presence

Carnegie Mellon's Global Presence

Carnegie Mellon University in Rwanda

A Pioneer Program

CMU is the 1st top-ranked US research institution with a global strategy offering degrees in Africa with an in-country presence

Adheres to the same quality standards used for education at all of CMU's campuses

Courses taught by CMU faculty

Programs that are integrally linked with the region's economic and technological development

Graduates receive the same degree as U.S.-based graduates upon successful completion of the program

CMU-R Campus

Current location

Telecom House

- CMU-R floors 4-5
- Rwanda National Data Center (hosting our servers)
- Control center for the national fiber optic network
- Several ICT companies (BSC, KT,...)
- kLab innovation hub

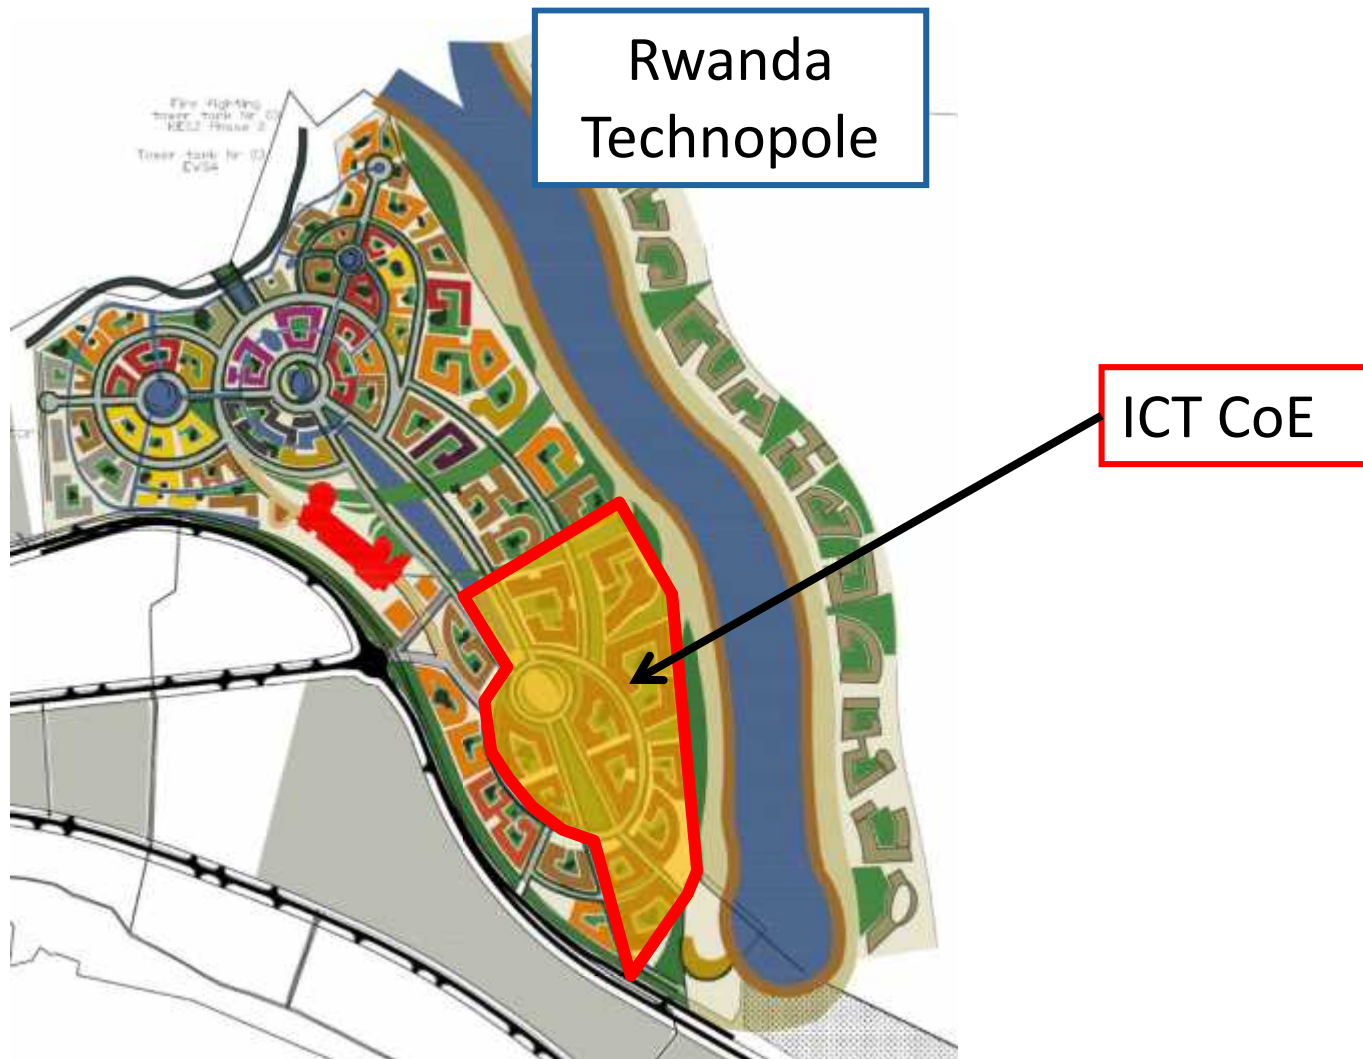

Future location

Kigali Technology Park

- 15 hectares reserved for CMU-R
- African Development Bank funding for campus design and construction
- Target completion date: July 2016

ICT CoE located in the Kigali Technical Park

Regional ICT Center of Excellence Under construction

Campus under Construction

CMU-R Master's Programs

M.S. in Information Technology (MS IT)

- ◆ Began August 2012
- ◆ From Dept. of ICT
- ◆ Required units: 144
- ◆ Required QPA: 3.0/B

M.S. in Electrical and Computer Engineering (MS ECE)

- ◆ Begin August 2014
- ◆ From Dept. of ECE
- ◆ Required units: 96
- ◆ Required QPA: 3.0/B

Tuition

The newly announced fees starting with the 2015-2016 academic year, is \$16,000 per year (versus \$41,000)

Thanks to GoR, for EAC students, there is a further reduction of 50% bringing the fees to \$8,000 per year – a very affordable amount based in the African context - for all students from Kenya, Uganda, Tanzania, Burundi, Rwanda

Courses available on campus (1/2)

Number	Course Title	Units
04-601	MSIT First Year Seminar	3
04-602	MSIT First Year Seminar	3
04-605	MSIT Second Year Seminar	6
04-611	Strategic Use of Digital Information in Enterprises	12
04-612	Innovation Mgmt and Business Strategy	12
04-630	Computer Science Principles for Practicing Engineers	12
04-635	Introduction to Info Security	12
04-641	Fundamentals of Telecommunications and Computer Networks	12
04-644	Wireless Networks	12
04-800/A	Mobile Social Apps	12
04-800/B	E-Enabling Service Delivery in a Multi-Sector Environment	12
04-800/C	Geosensors Networks	12
04-800/D	Embedded System Development	12
04-801/A1	Research Methods	6
04-801/A2	mHealth Technologies	6

Courses available on campus (2/2)

04-801/A3	ICT Policies for Social-Economic Development	6
04-801/B3	Business Economics	6
04-801/A4	Entrepreneurship in Emerging Markets	6
04-801/A5	Smart Grid Technologies	6
04-801/B1	Networking Laboratory	6
04-900	MSIT Practicum	24
04-980	MSIT Research Project	3-15
18-372/RW	Fundamentals in Electric Energy Systems	12
18-652	Foundation of Systems Engineering (Tech Enhanced)	12
18-756/R	Packet Switching and Computer Networks	12
18-859/RW	Telecommunications Policy in Developing Countries	6
18-882/R	Microgrids and New Generation Power	12
18-899/R1	Applied Time Series Analysis	6
18-899/R2	Data Science and Risk Management Applications	6
18-899/R3	Data and Inference	6
18-899/R4	Applied Machine Learning	6

Courses available online (1/2)

05-499/B	Mobile Service Innovation	12
05-839	The Information Pipeline: Collecting & Computing with Data for IS	12
15-602/A3	Innovating for underserved communities	6
15-619	Cloud computing	12
17-653	Managing Software Development	12
17-655	Architectures for Software Systems	12
18-637	Wireless Network Security	
18-640	Foundations of Computer Architecture	
18-641	Java Smart Phone Development	
18-645	How to Write Fast Code	12
18-732	Secure Software Systems	
18-765	Digital System Testing and Testable Design	
18-842	Distributed Systems	12
18-879	Special Topics in Systems and Controls: Stochastic Optimization	12
67-362/A3	Big Data Analytics	6
91-801	Data Analysis for Managers	12
94 -813/B3	Project management	6
94-806	Privacy in Digital Age	6
94-842/A4	Programming R for Analytics	6
95-703	Database Management	12
95-705	Telecommunications Management	12
95-706	Object Oriented Analysis & Design	6
95-710	Economic Analysis	6

Courses available online (2/2)

95-715	Financial Accounting	6
95-716	Principles of Finance	6
95-722	Digital Transformation	6
95-730	E-Business Technology and Management	12
95-752	Intro to Info Security Management	12
95-753/A1	Internet Security	6
95-756	Information Security Risk Analysis	6
95-757	Information Security Risk Policy & Management	6
95-761/A4	Cyber Security For Critical Infrastructures	6
95-763	Intro to Human Computer Interaction	6
95-769	Network Security Analysis	12
95-794	Tech Startup (NEW-fall 2012)	6
95-796	Statistics for IT Managers	6
95-796/Z4	Statistics for IT Managers	6
95-797	Data Warehousing	6
95-807	Object Oriented Programming for Mgrs	12
95-808	IT Project Management	6
95-808/A4	IT Project Management	6
95-831	Enterprise Architecture (NEW-fall 2013)	6
95-831/Z3	Enterprise Architecture	6
95-833	Global IT Management and Sourcing	12
95-865/A4	Text Analytics	6
95-872/A3&	Art & Sci Busines Analytics	6

CMU-R Internships

MOU with companies defines the expected internship experience and financial support for the student.

Master's Programs

M.S. Information Technology

- Began August 2012
- From ICT CoE

M.S. ECE

- To begin August 2014
- From Dept. of ECE

Our Students

Class of 2016

	MSIT		MS ECE
	Male	Female	Male
Rwanda	15	-	3
Kenya	2	1	-
Uganda	3	-	-
Total	20	1	3

Class of 2017

	MSIT		MS ECE	
	Male	Female	Male	Female
Rwanda	14	8	3	-
Kenya	-	1	-	-
Uganda	3	-	2	-
Tanzania	1		-	-
USA				1
Total	18	9	5	1

Our Students

all four cohorts

Gender

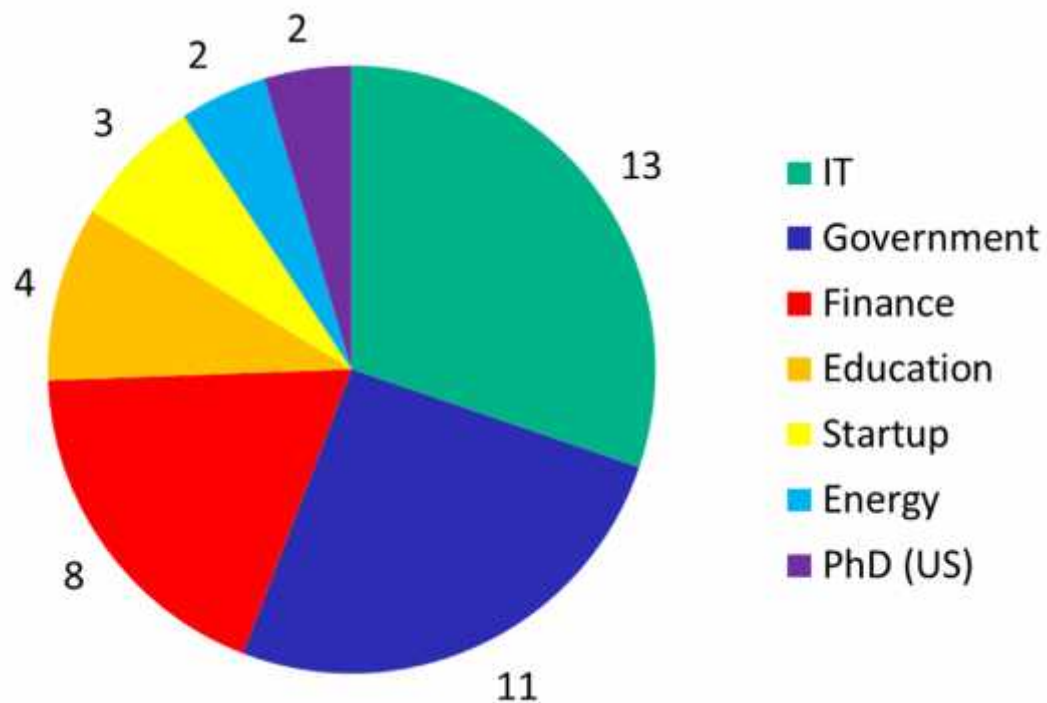

Nationality

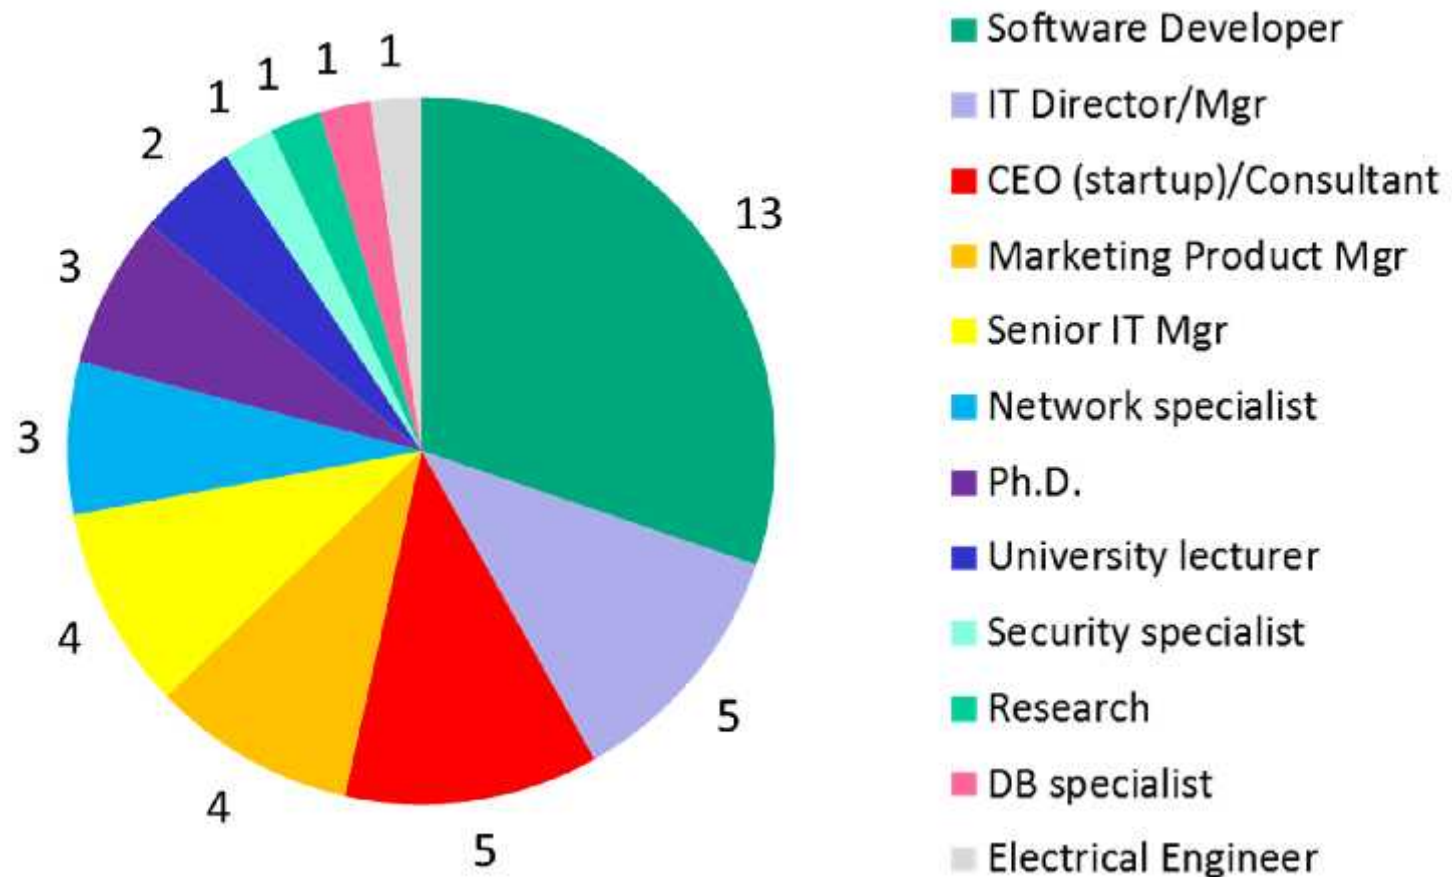

What Our Graduates are Doing

Employment Sectors

What Our Graduates are Doing

Job Titles

Research at CMU-Rwanda

networking, security, wireless, mobility, energy, data analytics, telecommunication policy, healthcare, business

Healthcare

Smart Grid

CMU-R has received \$100,000+
in research grants to-date

Mobile Networks

Mobile Solutions for SMEs

Looking Forward

**Regional ICT Center of Excellence and
broader initiatives in the Kigali Innovation
City**

**Establishing the Kigali Collaborative
Research Center**

Industry Partnership Program

Global Advocacy Council

Mid-Term Review

The CMU-Rwanda Vision

Educate a new generation of ICT innovators, entrepreneurs and industry leaders

Contribute to the development of the ICT industry in East Africa

Collaborate with stakeholders in Africa for research and development of solutions to Africa's challenges

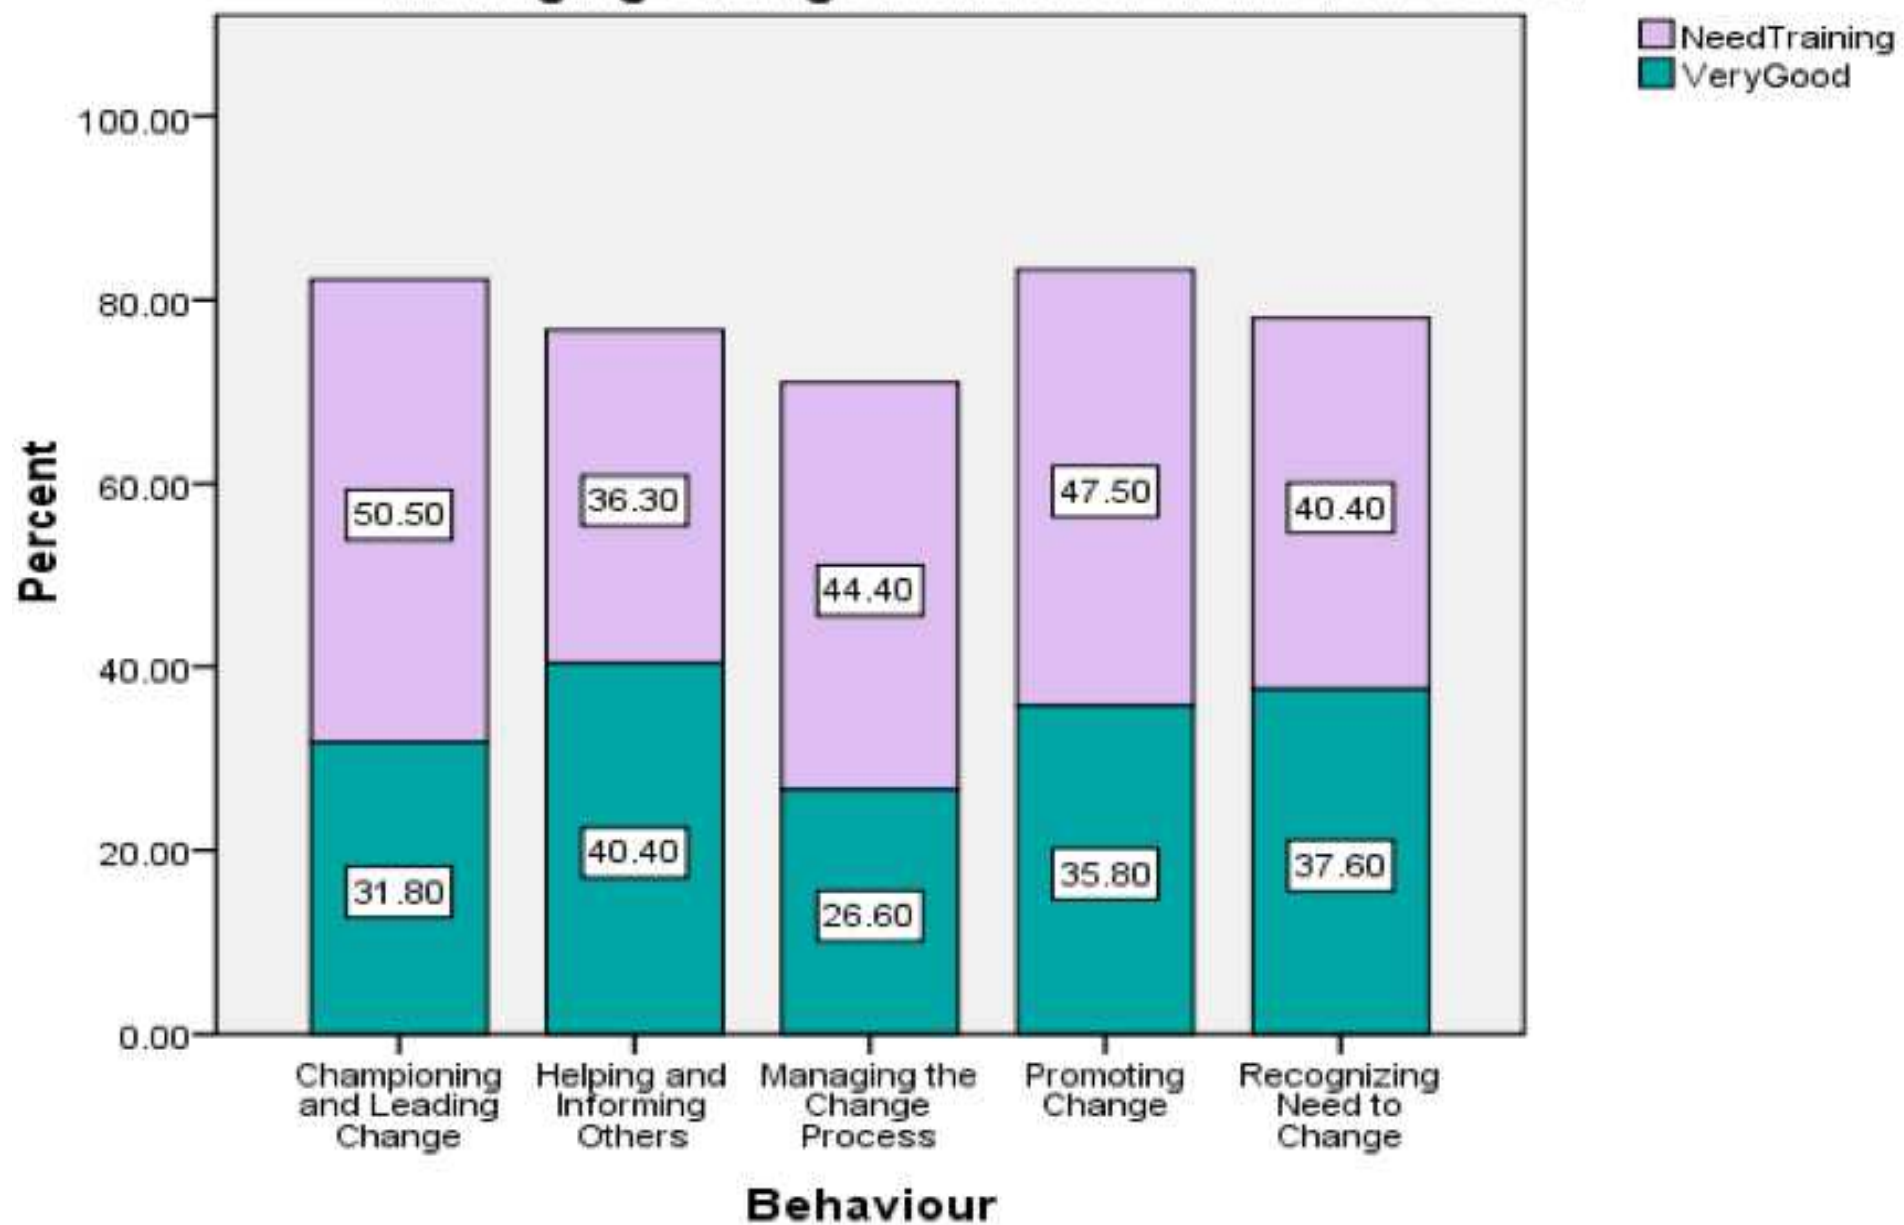

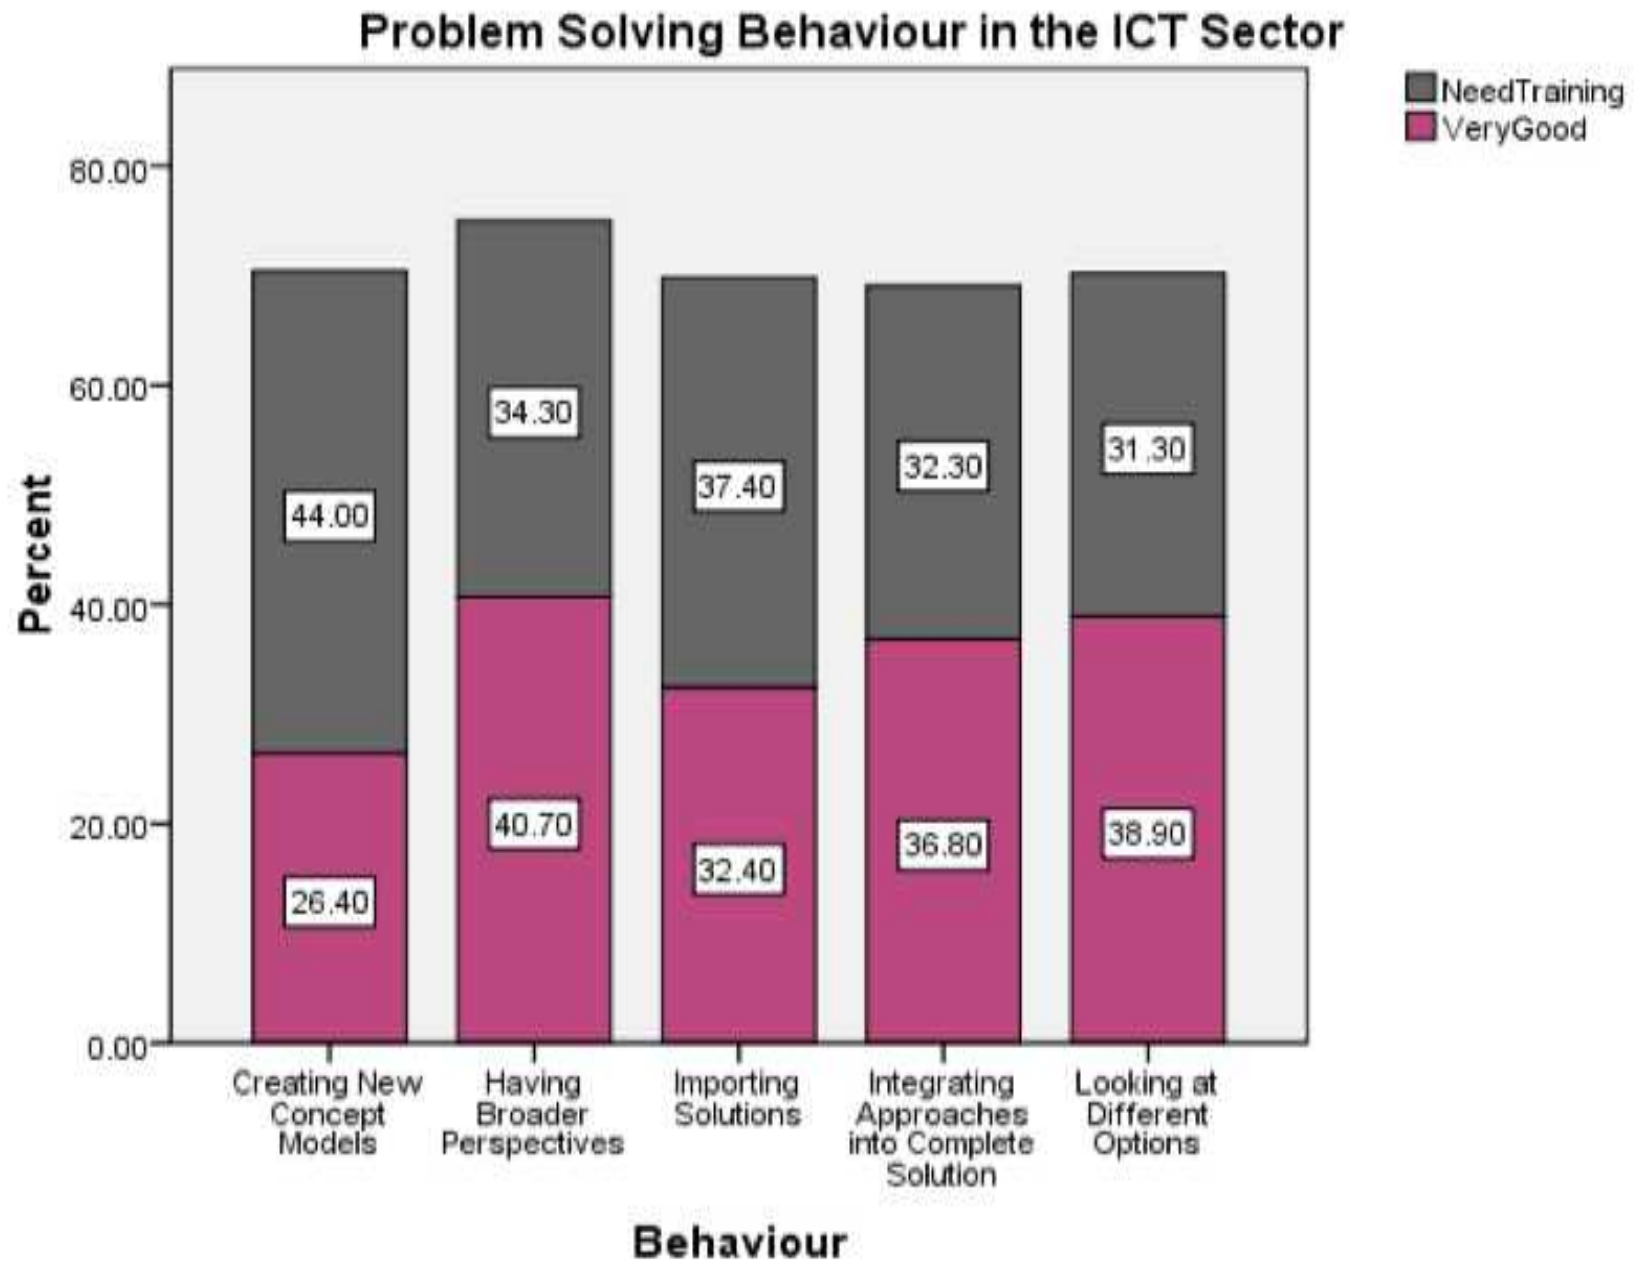

RWANDA SKILLS SURVEY 2012

ICT SECTOR REPORT

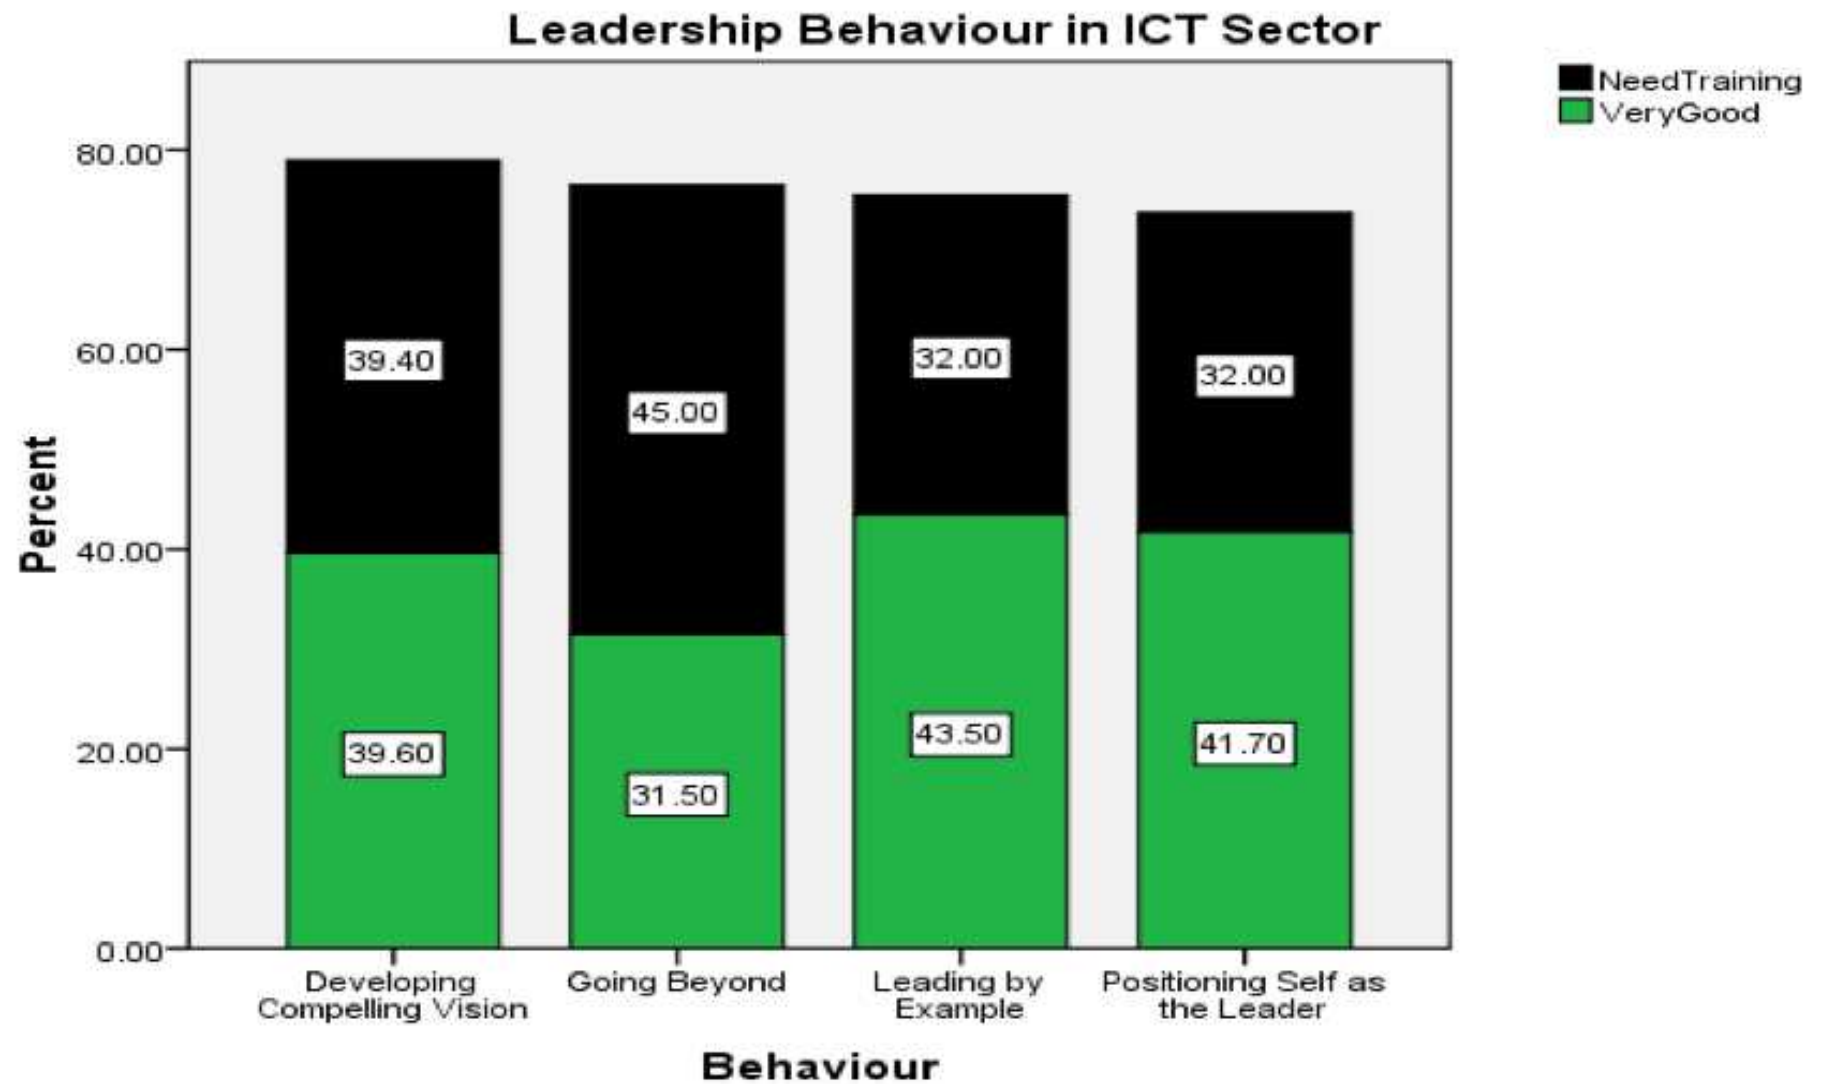

Managing Change Behaviour in the ICT Sector

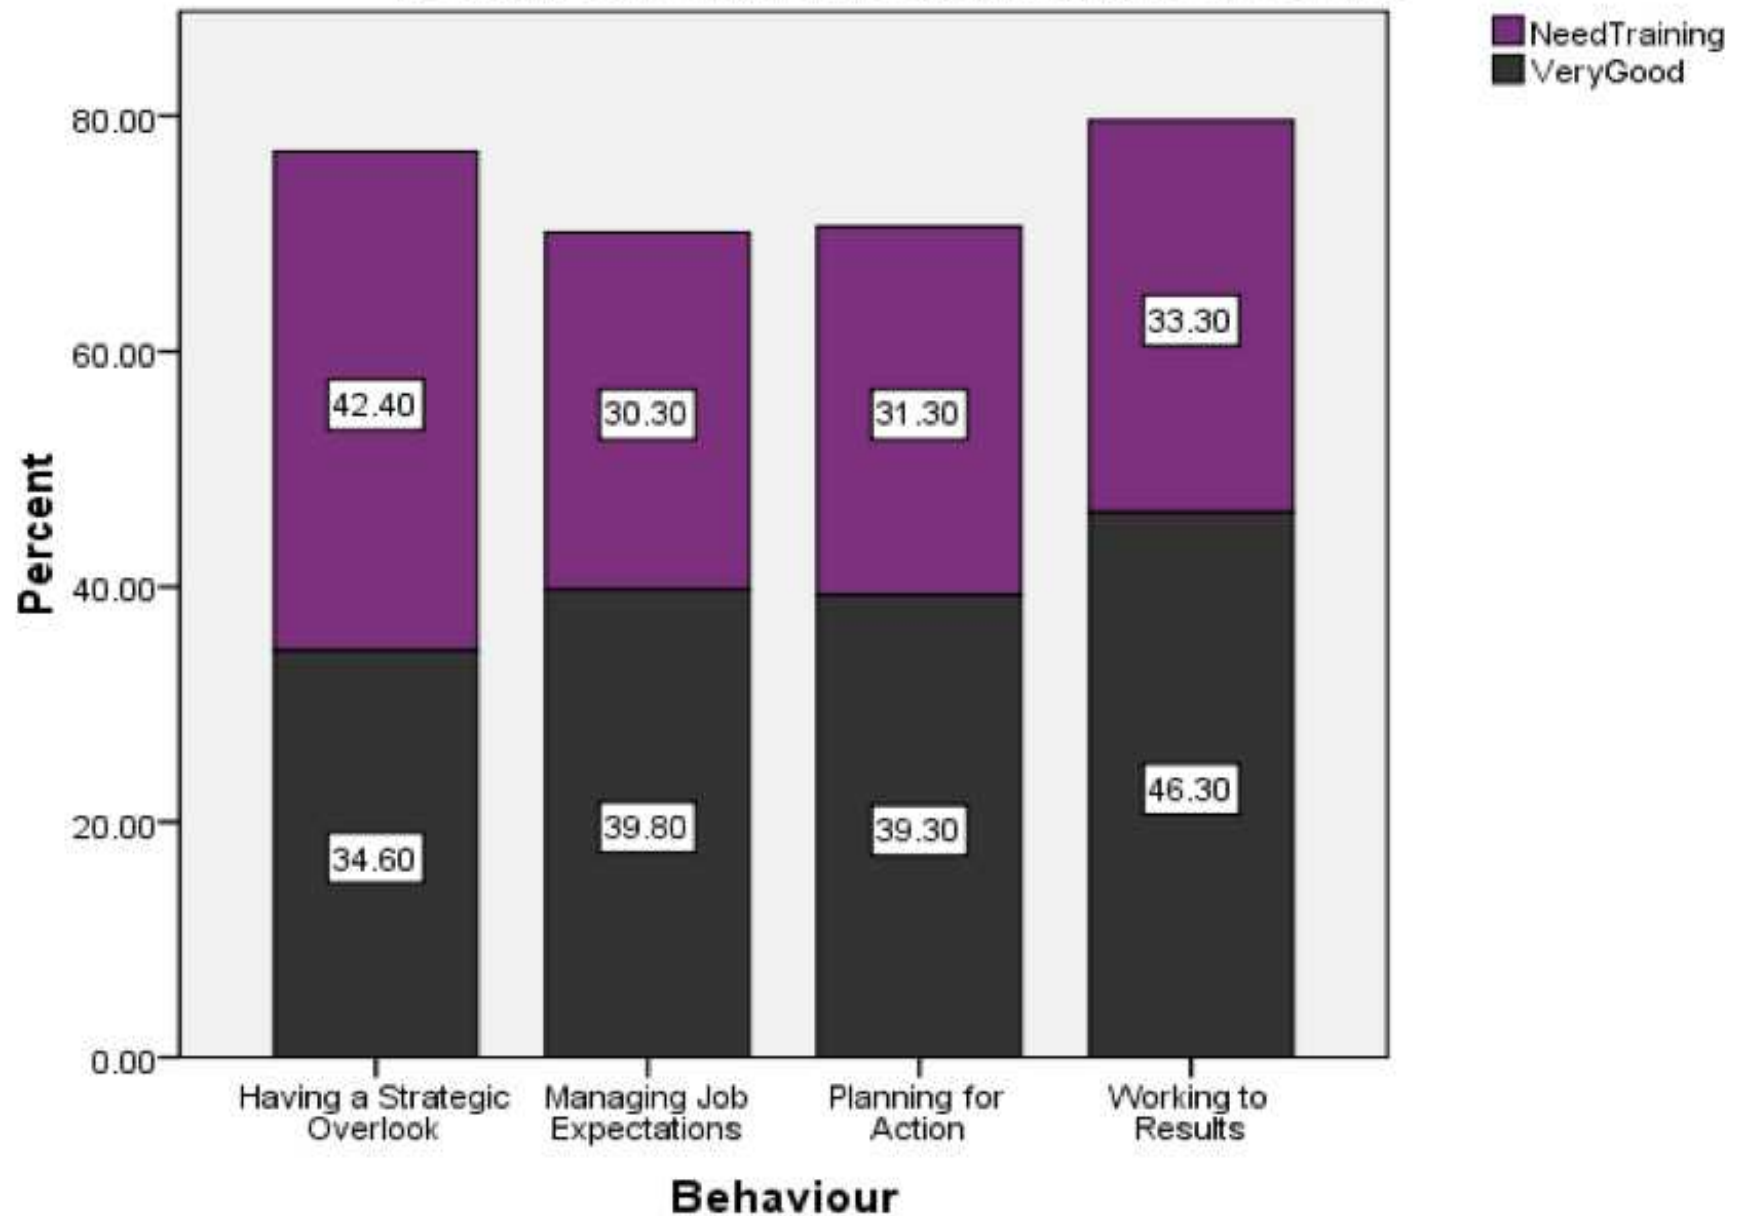

Communication Behaviour in the ICT Sector

Results Orientation Behaviour in ICT Sector

Overall Gaps by Broad Industrial Category

Broad Occupations classification	Overall Gaps	%
ICT managers	326	34.7
ICT Scientists professionals	84	8.9
ICT technicians	72	7.7
Liberal Professionals	172	18.3
Artisans	286	30.4
Total	940	100

Sample of critical needs

Software development and Engineering

Mobile Computing & Distribution Systems

**Forensic Information Technology &
Cybercrime Security**

Networking Engineering

**Digital electronics and Engineering in
Electromechanical**

Multimedia courses and Film production
